

TL BROKER BENEFITS

TL CARRIER WEB SEARCH, DATA MANAGEMENT, AND LANE MATCHING

- **Instant Carrier Validation:** Reduce risk; view and print Operating Authority, Insurance, and W9 documents to demonstrate full due diligence. Review 13 categories of information, as necessary. Tender every load with confidence.
- **Find the Right Carriers Now:** Search the Carrier Profile Database for the best carriers that meet your standards for your next load or for new business that you just won.
- **Preferred Carrier Data Management:** Require your Carriers to maintain the data you need on their Carrier Profile. Eliminate paper files with expired documents; ensure SOX compliance.
- **Improve Load Mix:** Post your own Carrier Profile; increase shipper "bid event" invitations, win better lanes and loads.
- **Faster Payment:** Post your POD's for 24/7 self-service by Shippers; no more calls or faxes requesting POD's; no more lost POD's delaying payment.
- **Upgrade Your Carrier Base:** Know your carriers better and match their capabilities with your needs. Continually search out carriers that fit your customers' needs better. Raise the bar each time by selecting more stringent search criteria.
- **Import Summary Docs:** File and archive securely on e4score for 24/7 customer look-up.
