

TL SHIPPER BENEFITS CARRIER PROFILE DATABASE AND POD WEB POSTING

- **Find the Right Carriers Now:** Search the Carrier Profile Database for the best carriers for your next load or for your next Bid Event; complete the Request-for-Information stage of a Bid Event in a day (vs 2 months)!
- **Discover Lane Capacity:** Search the Profile Database for carriers with available capacity on your under-resourced lanes.
- **Instant Carrier Validation:** Reduce risk; view and print Operating Authority, Insurance, and W9 documents to prove full due diligence. Review 13 categories of information, as necessary. Tender all loads with confidence.
- **Preferred Carrier Data Management:** Your Carriers can maintain the data you need on their Carrier Profile. Eliminate paper files with expired documents, ensure SOX compliance.
- **Upgrade Your Carrier Base:** Know your carriers better and match their capabilities with your needs. Continually search out carriers that fit your network needs better. Raise the bar each time by selecting more stringent search criteria.
- **Peak Shipping Periods:** Search out carriers with Terminal Locations close by your distribution center to enable pre-loading of drop trailers.
- **POD Posting:** All your TL POD's in one place, 24/7 look-up with just BOL No.
- **Import Summary Docs:** File and archive securely on e4score.
